CONSEQUENCES: Those unwilling to abide by our facility rules will have their parents contacted and may be asked to leave either temporarily or permanently. All crimes will be reported to the RCMP. For repeat rule violations, youth and guardian will be required to meet with the Executive Director to make amends, agree to abide by the rules in order to be allowed to return to the center.

Our hope is ASDI can be a place of refuge where your child can get away from the everyday stresses of being a kid – school and peer pressure. Where they can come and feel accepted, have fun and just be a kid.
